Summary

Final-year Logistics Engineering student with hands-on experience in **supply chain operations, data analysis**, and **process improvement**. Proven ability to manage high-volume **logistics operations, redesign workflows**, and **deliver data-driven solutions** that **improve operational efficiency**. Experienced in ERP systems, Python automation, and cross-functional coordination with nationwide vendors.

Professional Experience

PT Shippindo Teknologi Logistik (*SHIPPER*) Bandung, Jawa Barat
Operation Excellence *Feb 2026 – Aug 2026*

- **Resolved 97%+** of a billing backlog**,** recovering **~IDR 2 billion** in delayed revenue by redesigning the tracking process and implementing a structured escalation framework with clear ownership and deadlines.
- **Built a real-time backlog dashboard** that gave the team clear visibility and prioritization of outstanding shipments.
- **Managed end-to-end** POD operations and **coordinated 90+ nationwide vendors** to resolve delivery exceptions, automating bulk documentation in Python to keep billing on schedule.

PT Len Rekaprima Semesta Bandung, Jawa Barat
Purchasing & Procurement Intern *Jan 2026 – Feb 26*

- Managed **~100** procurement records per week in the ERP system, maintaining real-time visibility of purchasing activities across the team.
- Monitored procurement lifecycle (approval to release) to support timely material availability and delivery.
- Reviewed and verified **300+** operational and financial documents per month, including Purchase Orders (PO), Invoices, Tax Invoices, Delivery Orders (DO), BAST, Certificate of Origin (COO) and Certificate of Manufacturing (COM), ensuring document completeness and compliance.

PT Jasa Angkasa Semesta Tbk Tangerang, Banten
Project Consultant *Feb 2025 – Jun 2025*

- Analyzed cargo handling operations and identified inefficiencies in manual tracking processes causing delays and inaccuracies
- Designed **RFID-based tracking system** integrated with Cargo Management System to improve real-time visibility
- Delivered projected improvements in accuracy, processing time, and transparency, supported by financial feasibility analysis (NPV, IRR, ROI) indicating **~IDR 1.7B savings over 5 years** with ~2.5-year payback

Organizational Experience

StudentxCEOs Bandung Bandung, Jawa Barat
Project Officer Meet The CEOs 2025 *May 2025 – Sep 2025*

- Led execution of large-scale program with **Unilever Indonesia & Shopee Indonesia**, managing **100+**participants and **15+** team members
- Achieved satisfaction score of **4.85/5** through structured performance monitoring

AIESEC in Bandung Bandung, Jawa Barat
Program & International Relation Engagement With AIESEC *Jan 2024 – Feb 2025*

- Managed end-to-end execution of AFL program for **400+ participants**, while organizing international events and collaborating with global AIESEC Local Committees
- Partnered with speakers from **Dana, Forbes Under 30 Awardee, Danone Indonesia, L'Oréal Indonesia, Google Indonesia, GOTO**, and **My Skill ID's** Founder to ensure the successful execution of AIESEC Future Leader Summer Peak and Winter Peak.
